ENZYME LIFTING MASK

The Enzyme Lifting Mask is a multi-beneficial treatment, which focuses on repairing and rebuilding the skin. The active ingredients firm and tighten the skin, reducing the appearance of fine lines and wrinkles, resulting in a visible “lift”. Enzymes help exfoliate, revealing new healthy skin cells. Other ingredients moisturize and hydrate, while increasing circulation.

Ingredients:
Powder:
Papain, Bromelain, Rice Starch, Corn Starch, Wheat Starch, Chondrus Crispus Extract, L-Ascorbic Acid, Essential Mineral Complex, Essential Oil, Comfrey Extract, Allantoin, Disodium EDTA, Retinyl Palmitate (Vitamin A)

Activator:
Deionized Water, Glycerin, Acetyl Hexapeptide-8, Palmitoylpentapeptide-4, Collagen Activating Complex, Sorbitol, Polysorbate 20, Aloe Vera Gel, Soluble Collagen, Xanthan Gum, Chondrus Crispus & Glucose, Sodium PCA, Phenoxethanol, Disodium EDTA.

Directions:
Measuring:
Gently tap out one usage of powder (about half a teaspoon) into a mixing cup, then pour 1 & ½ teaspoons of “activator” into the cup.

Mixing:
Stir slowly using a fan brush until thoroughly blended. Consistency may vary slightly for each use.

Application:
Apply to clean, dry skin once a week. Using fan brush, apply over entire face in an upward and outward motion. (Avoid eye area.) Allow treatment mask to remain on skin for 12 to 15 minutes. For optimum results, apply Hydrating Firming Toner by spraying over entire face until moist (If you choose not to reactivate the mask with the Hydrating Firming Toner, rinse off with warm water after 15 minutes). Leave on skin for 10 Additional minutes. Rinse thoroughly with warm water. Wash brush after each use.
HYDRATING GEL MASK

The Hydrating Gel Mask is a non-irritating and non-drying mask treatment, perfect for use after acid peels, laser, or microderm as it re-hydrates and soothes the skin to restore moisture.

Directions:
Apply mask liberally to clean face using fingertips. This mask may be left on or can be removed with warm water after 10-15 minutes. Follow with the Nano-Peptide B5 Complex and a Moisturizer for best results.

BRIGHTENING MASK

A potent professional treatment for skin brightening, this mask contains four specialized active ingredients that help brighten the skin, with the addition of Licorice Root Extract, and Tetrahexyldecyl Ascorbate (Vitamin C Ester). This treatment mask may be used on a monthly basis.

Directions:
1. Prep the skin by gently exfoliating with the Pumpkin Enzyme Mask. After 3-5 minutes, remove the mask with lukewarm water and dry skin with soft towel.
2. Apply the Brightening Mask as a spot treatment onto affected areas of the skin, or around entire face or body as needed. Avoid eye and mouth areas. Leave on until the mask dries on skin (usually around 10 minutes). Rinse with lukewarm water.
3. Neutralize the skin with the Neutralizing Solution.
4. Follow with home care products as desired.

Active Ingredients:
Hexylresorcinol - 2%, Kojic Acid - 2%, Whitonyl® - 2% (Water & Palmaria Palmata Extract)
